

MTS mounted sweeper with hydraulic connection

TYP 2306 - AGRAR

Particularly cost-effective, self-collecting and free-sweeping combi-sweeper for the most common tractor types with hydraulic connection. The machine is maintenance-free and equipped with fully hydraulic drive. Specially designed for use in agriculture and achieving the most efficient terrain cleaning in the agricultural sector.

e. g. Special equipment:
Side broom

SPECIAL FEATURES

- | | |
|--|--|
| <ul style="list-style-type: none"> ✓ self-collecting (incl. removable dirt container with cable-pull emptying) ✓ use on specified carrier vehicle with hydraulic connection ✓ maintenance-free ✓ fully hydraulic drive | <ul style="list-style-type: none"> ✓ easy operation ✓ attachment to tractor due to front/rear three-point linkage (Cat 1+2) ✓ level compensation ✓ for high stress and stain ✓ oscillating sweeping roller suspension |
|--|--|

CARRIER VEHICLES*

all common tractor types with front/rear three-point linkage (Cat 1+2)
