

TYPE 1804

The small sweeper

Type 1804 is the compact, somewhat less powerful brother of the industrial sweeper type 2001. Whenever light to medium-heavy soiling, such as dust, paper waste, wood or metal shavings are to be swept, this is used. The sweeper is compact and thus perfectly suited for smaller areas. Its economical basic equipment makes it cost-effective, but sufficient for many companies.
